At the McLure the Elkins Cadets and Tariff Champions, and the colored Republican club, which will form at Odd Fellows' hall, will join the down town clubs and the speakers having been taken in tow, the line of march to the Island will be taken up.

RAILWAY MEN ORGANIZE

A Sound Money Club with Nearly 200 Members—A Trip to Canton.

The Railway Men's Sound Money Club of Wheeling, was organized last night, and nearly 200 employees of the different roads running into this city have signed their names to the roll already. Over half of this number are Democrats who cannot stomach the free silver fallacy in the Chicago platform, and feel that it is their duty as citizens and wage earners to come out publicly against that issue, and for McKinley and sound money. With this end in view a meeting was called for last night at the Terminal depot, and at 8 o'clock, when Mr. J. E. Taussig called the meeting to order, the large waiting room was well filled with representative railroad men. There were engineers, firemen, conductors, brakemen, warehouse men, section hands, yardmen and in fact representatives of every branch of railway service.

Upon motion Mr. J. E. Taussig was elected temporary chairman and Fred H. Theirs temporary secretary. A committee on permanent organization and rules was appointed as follows: W. B. Klevis, Robert Haass and L. M. Crow, of the Baltimore & Ohio; D. D. Howe, Pan Handle; J. F. Townsend, Wheeling & Lake Erie; William Alexander, Cleveland, Lorain & Wheeling; S. G. Wells, Wheeling Bridge & Terminal. The committee retired for a few moments and adopted a constitution and by-laws and presented names for the permanent officers: President, W. J. Jamison, Baltimore & Ohio; first vice president, J. F. Townsend, Wheeling & Lake Erie; second vice president, S. G. Wells, Wheeling Bridge & Terminal; third vice president, William Baird, Pan Handle; secretary, Fred H. Theirs, Wheeling & Lake Erie; treasurer, J. E. Taussig, Wheeling Bridge & Terminal. The rules and officers above named stand as read.

A communication from the Railway Men's Sound Money Club of Massillon, Ohio, was read requesting the Wheeling club to go to Canton with them next Saturday, and to participate in a meeting at Massillon, Saturday night, to be addressed by Senator N. W. Aldrich, of Rhode Island. Mr. H. B. Cunningham, of the Massillon organization, was present and stated that the meeting would be a grand one, and would bring together railroad men from all over the state of Ohio, and they wanted the West Virginians to join with them in making a name for the next President of the United States.

Upon motion the invitation was accepted and the crowd will leave here Saturday morning over the Wheeling & Lake Erie, at 10 o'clock, eastern time, arriving in Massillon at 12:30 central time. They will be met at the depot by the Massillon club and be escorted to the dining hall, where dinner will be served, after which the railroad men will all take cars for Canton, where they will be presented by Senator Aldrich to Major McKinley. After a speech by the next President, they will return to Massillon, where a great love feast will take place and one of the largest meetings of the campaign is promised. Returning, they will come home on a special train leaving Massillon about midnight.

A committee was appointed to get the names of all railroad men who believe in sound money and want to take the trip, so the company would know about how many cars to have for their accompaniment. The committee was named by the resident as follows: G. D. Green, W. M. Harrold, J. W. Garver, J. M. Hill, and A. Shaft, Baltimore & Ohio; C. D. Howe and George St. Meyers, Pan Handle; William Alexander, W. H. Wood, Theo. Thomas and C. Q. Porter, Cleveland, Lorain & Wheeling; J. J. Trueman and Mr. Henderson, Cleveland & Pittsburgh; R. J. Howell and C. R. Howell, Wheeling Bridge & Terminal; H. E. Weisgerber, Wheeling & Elm Grove, and S. F. Farley, Bellaire, Zanesville & Cincinnati. This committee will report at the Terminal to-night.

It is thought that at least 500 railroaders from Wheeling will go, and many clubs from along the lines of the different roads are expected to join them. Another meeting of the club will be held Friday night at 8 o'clock.

POLITICAL NOTES.

Meetings in the Future and Gossip About the Club Organization.

Mr. S. G. W. Morrison, who returned yesterday from a business trip through the west, says that the Republican prospects in that section of the country are of the most lively character, more so, especially in Indiana and Illinois. Mr. Morrison has an extensive acquaintance among Democrats as well as Republicans in the west, and says that many of the former told him they would vote for McKinley. At Fort Wayne, Indiana, he met a prominent and influential man who has been a Democrat, but who is an enthusiastic supporter of McKinley. That gentleman informed him that Allen county, in which Fort Wayne is situated, would give McKinley and Hobart 2,000 majority. The county heretofore has been good for 3,000 Democratic

majority. On his way home Mr. Morrison called on Major McKinley and had an hour's pleasant chat with him. He says he found the major in the happiest and most sanguine frame of mind regarding the outcome of the November elections.

The Bryan and Sewall and C. C. Watts clubs of the Sixth ward have ordered 200 white umbrellas with monograms bearing the inscription "16 to 1."

The farmers of the Pan-Handle of West Virginia will assemble in Wheeling Friday, October 2, and exult to Canton, Ohio, for the purpose of calling on Major McKinley. A large turn out is expected.

The First ward club will escort the speakers to the Republican meeting to be held in Fulton Thursday evening.

Hon. E. P. Rucker, candidate for attorney general, and Charles Burdett Hart will speak at the Drovers' Home, in upper Benwood, Thursday evening. The marching clubs from Moundsville, McMechen and the mounted club from Sherrard, will attend. The committee extends an invitation to the Wheeling club to join them in making this meeting one of the largest so far in the campaign.

The meeting at Fulton Thursday evening, promises to be a rouser. Thomas Parsons, esq., of Moundsville, and Hon. A. R. Campbell, will speak. The First ward Republican club, at a meeting Monday night, decided to march to Fulton and desire all Republicans of the ward to join them. The Fulton committee requests all the marching clubs to come out and fill the town full of enthusiasm.

The H. C. Richards Six-footers will meet this evening at Eoff and Thirteenth streets to drill. A full attendance is desired.

Every member of the Fred Douglass Republican club is requested to be on hand at the headquarters of the organization, at the old court house, corner of Twelfth and Chapline streets, at 7 o'clock sharp this evening for the purpose of attending the Island meeting to be addressed by Prof. J. McHenry Jones and Mr. Charles Burdett Hart. By order of Capt. Will Turner and First Lieut. Osborne Grey.

A meeting that is to be held at the LaBelle pottery grounds, on the South Side, corner Thirty-first and Jacob streets, will be a hummer. It will be distinctly a workmen's meeting and will be addressed by a working man, who has tried conclusions with no less a person than the Democratic presidential candidate and did not come out second best at that. Three years ago, Mr. Fred. Walker, of Trenton, N. J., a potter, appeared before the congressional committee on ways and means and defended the protective tariff as it applied to home pottery. Mr. Bryan, a member of the committee, asked Mr. Walker why the New Jersey potter should receive more than the farmers of Nebraska. Mr. Walker answered that he was not in favor of a lower scale of wages for himself, but would favor raising the wages of the farmer. Mr. Walker will address his meeting here next Friday evening and will no doubt be heard by a large crowd.

Chairman W. M. O. Dawson, of the state committee, has returned, after a two day's stay at his Kingswood home. Secretary A. B. White is in Parkersburg celebrating a birthday anniversary. Members of the committee have been unable to agree what anniversary it is, as the age of a red-headed man is so difficult to estimate. The guesses range from thirty to sixty years.

The Americus and Tariff Clubs, of Pittsburgh, are said to be ready and willing to come to Wheeling whenever they are extended an invitation by the local committees.

One of the peculiarities of the local campaign, which is the subject of considerable comment, is the spectacle of the Register pleading the poverty of the Popocratic committee and soliciting contributions from the public to aid the cause of the silverites, while it is noticeable that for every ward meeting at which the Bryan clubs turn out there are all the expensive accompaniments of red fire and brass bands. The Register, in its appeals for subscriptions, sets forth that the campaign committee is impoverished and solicits contributions of any amount from a postage stamp up, to enable the committee to carry on a "campaign of education." While the enthusiasts for the fifty-cent dollar cause are sending in their mites to pay for "educational literature," the clubs manage to raise from forty to fifty dollars for a band for each ward meeting.

The Elkins Cadets will meet this evening at 7 o'clock at J. J. F. hall. A short business meeting will be held before going to the Island meeting and new members will be admitted. The membership of this crack organization has now reached 33.

The Sixth ward Republican club will meet at their headquarters this evening at 7:15, to attend the Island rally. Every Republican in the ward is invited to join in the procession whether in uniform or not.

The Fifth ward Republicans will meet at their headquarters this evening at 7:15 o'clock, to attend the Island rally. All Republicans are invited.
